

North Sulawesi Beachfront Quarantine Options

Listed in the order received. These are not all the hotels offering quarantine, but these are the beachfront options that have returned information in response to my email. The information included below is provided directly by the hotel and you should follow up with them if you have any questions or inquiries. The accuracy of the information is the full responsibility of the hotel. No commission, fee or gift is received as a result of information provided here.

Scoot Airlines flies twice a week (Wednesday and Friday) to Manado from Singapore. Current Covid-19 transit requirements in Singapore to connect with Scoot are found here:

https://www.singaporeair.com/en_UK/gb/travel-info/transit-through-singapore/

There are a few differences in quarantine practices compared to Jakarta.

- The North Sulawesi Task Force requires the full number of nights: 7-day quarantine means 7 nights and released on day 8.
- If anyone on your arriving flight tests positive on arrival, all passengers are required to quarantine for the maximum period, currently 10 days.
